DAY 2		'Law as code' and interoperability			
13:00-13:05	Welcome & instructions				
13:05-13:40	Knowledge representation and semantically enriched information extraction for interoperable legal technologies Keynote – Serena Villata Researcher at the Centre National de la Recherche Scientifique				
Track 1 – LAW AS CODE		Track 2 – FUNDAMENTALS		Track 3 – INNOVATION	
13:40-13:55	ELI and ELI-DL standards: Toward interoperability and smart reuse of the descriptions of legislations and legislative activities in the European Union, and anywhere else John Dann (Central Legislative Service, Ministry of State, Luxembourg)	13:40-14:40	Building, enhancing, and integrating taxonomies – Part 1 (workshop) Heather Hedden & Helmut Nagy (Semantic Web Company)	13:40-14:00	Is an upper level ontology useful? Peter Winstanley (Semantic Arts)
13:55-14:10	ELI use case (Spain) Susana Gómez (State Official Journal (BOE))			14:00-14:20	Semantic technologies for public administration data: some use cases in Italian PAs Aldo Gangemi (University of Bologna and Institute for Cognitive Sciences and Technologies, Italian National Research Council)
14:10-14:25	Legal knowledge representation and reasoning in a linked open data framework Enrico Francesconi (European Parliament)			14:20-14:40	Towards standardised ontologies-driven interoperability for industrial data value chain Hedi Karray (Toulouse INP – ENIT)

14:25-14:40	Enabling semantic interoperability in legal drafting Mikael af Hällström (Finnish Tax Administration)				
14:40-15:10	Break & poster Lynx: an ecosystem of smart cloud services to manage compliance across jurisdictions and languages (innovation) Elena Montiel & Patricia Martín Chozas (Universidad Politécnica de Madrid) Legal act visualization as a three-dimensional tree (poster) Ermo Täks & Helina Kruuk (Taltech)	14:40-15:10	Break & solution room LeReTo: connecting documents with knowledge in realtime Veronika Haberler (LeReTo) Artificial intelligence for knowledge graphs Dermot Doyle & Silvio Cardoso (Dynaccurate)	14:40-15:10	Break & solution room LEOS/EDIT Fernando Nubla Durango (European Commission) Ref2Link Laurent Vinesse (European Commission) A hub for emergency services Rink W. Kruk (Nationaal Geografisch Instituut)
15:10-15:25	The visualization of complex legal knowledge as a must-needed Ariadne's thread to navigate the labyrinth of the different legislative frameworks Gabriele Di Matteo & Valérie Saintot (European Central Bank)	15:10-16:10	Building, enhancing, and integrating taxonomies – Part 2 (workshop) Heather Hedden & Helmut Nagy (Semantic Web Company)	15:10-16:10	Lifecycling Knowledge Graphs with VocBench: Eliciting, Developing and Curating Information (workshop) Armando Stellato & Andrea Turbati & Manuel Fiorelli (University of Rome Tor Vergata)
15:25-15:40	A visual exploration of European Case Law: The Smartfiles Network Veronika Haberler (LeReTo)				
15:40-15:55	Court decisions: the real big challenge for legal big data – How the ECLI framework helps to improve the accessibility of huge case law databases Marc van Opijnen (Publications Office of the Netherlands – UBR KOOP)				

15:55-16:10	Modelling legislation as a graph in the open trust fabric's prose object model James Hazard (CommonAccord.org)				
16:10-16:15	Break				
16:15-17:20	Semantic interoperability in the legal domain: challenges, benefits and use cases (panel discussion) Moderators: <ul style="list-style-type: none"> - Anikó Gerencsér (Publications Office of the European Union) - John Dann (Central Legislative Service, Ministry of State, Luxembourg) - Enrico Francesconi (European Parliament) Panelists: <ul style="list-style-type: none"> - Marc Küster (Publications Office of the European Union) - Víctor Rodríguez Doncel (Universidad Politécnica de Madrid) - Aldo Gangemi (University of Bologna) - Jean Delahousse (Consultant – Knowledge graph technologies) Presentations: <ul style="list-style-type: none"> - Fotis Fitsilis (Hellenic Parliament) - Veronique Volders (Flemish Government) - Raf Buyle (Flemish Government) 		How to leverage taxonomies for content findability and usability (workshop) Joyce van Aalten (Invenier)		AI and business decisions - The business decision making with AI (workshop) Agata Majchrowska (CODR.PL Research Lab, ORA Wrocław, WWSiS)
17:20-17:30	Closure & SliDo survey (input from participants in the form of recommendations for the future)	17:20-17:30	Closure & SliDo survey (input from participants in the form of recommendations for the future)	17:20-17:30	Closure & SliDo survey (input from participants in the form of recommendations for the future)
